

# 10 REASONS TO LIST YOUR HOME DURING THE WINTER

- 1. FEWER SHOWINGS** - Yes there are less buyers, but those buyers that are left are usually very serious about making a purchase.
- 2. LESS COMPETITION** - Most people wait until spring and summer to list their home, which means during the winter you will have far less competition than at any other time of the year.
- 3. HOMES SHOW BETTER DURING THE HOLIDAYS** - Buyers love homes that can tell a story. The holidays are a great time to show homes because the home is usually dressed up for holiday celebrations!
- 4. JANUARY IS THE BIGGEST TRANSFER MONTH** - Did you know that more corporate moves happen during January than at any other time of the year? This may be a great reason to list your home during the winter!
- 5. TIMING** - By putting the home on the market during the winter you may be able to more easily hit your moving goals!
- 6. MORE TIME TO GET TOP DOLLAR** - By starting to market your home early you may be able to secure a higher price.
- 7. GREAT TIME TO SHOP** - If your home sells quickly you will be able to shop for your next home during the winter, this is a great time to find a bargain!
- 8. MORE ADVERTISING** - Because most agents and offices have less inventory during the winter your home may be advertised more often than during the spring and summer months!
- 9. MORE ATTENTION** - Most agents will be able to devote more specialized attention to your needs during the winter because they have less clients to manage.
- 10. THE MARKET** - Today's interest rates are at forty year lows. This gives buyers more spending power, and will be even more important when you begin shopping for your next home!
