Presided by: Mandy Reyes

RECAP OF MEETING

Special thanks to Ben and Veny Manuel for hosting the grafting and marcoting workshop by Mr. Oscar Garcia which started at around 10:15am followed by potluck at noon and MAASD meeting from 1:30 to 2:30pm.

Everyone was so attentive with Mang Oscar's workshop on grafting and marcoting. By now, all those in attendance already know what a SCION is and different techniques of grafting. It is quite a learning experience. Has anyone tried grafting yet?
